STUDENT CLASSIFICATION

2003-04 or before

A Lingnan Bachelor's Degree student is designated as a Year 1, Year 2 or Year 3 student respectively in his/her first, second or third year of study at the University. A student who is granted 30 credits or above by credit transfer is designated as a Year 2 student upon admission. A student who does not graduate at the end of his/her third year will be designated as a Year 3 student in all subsequent years.

2004-05 or after

A student (except for a transfer student admitted from 2007-08 onwards) is designated as a Year 1, Year 2, Year 3 or Year 4 student based on the number of credits obtained including those granted through credit transfer. A student who has obtained 30 credits, 60 credits or 90 credits or above will be designated respectively as a Year 2, Year 3 or Year 4 student in the following term.

From 2007-08 onwards, a transfer student who is granted 21 credits or above by credit transfer will be designated as a Year 2 student upon admission. Additionally, from 2012-13 onwards, a transfer student who is granted 54 credits or above by credit transfer will be designated as a Year 3 student upon admission. And from 2013-14 onwards, a transfer student who has graduated from a local sub-degree programme accredited and recognised as Qualifications Framework (QF) Level 4 will also be designated as a Year 3 student upon admission, and one who has completed Year 1 of a local two-year sub-degree programme accredited and recognised as QF Level 4 may also be specially admitted and designated as a Year 2 student. Exceptional approval may be granted for a transfer student who is granted 51 credits or above (but less than 54 credits) be designated as a Year 3 student upon admission. The transfer student will be designated respectively as a Year 3 or a Year 4 student in the following term when he/she has obtained 54 credits or 87 credits or above.

ACADEMIC CREDITS

The credit is a unit for measuring the amount of time in a particular course during which a student undertakes learning activities in the University, including lectures, tutorials and other forms of learning, together with the average amount of time he/she is expected to spend on his/her own. A student will be given the appropriate number of credits for a course in which he/she has enrolled and passed.

GRADING SYSTEM

Grades are awarded according to the following system:

Grade	Standard	Sub-divisions	Grade Points
A	Excellent	A	4.00
		A-	3.67
B	Good	B+	3.33
		B	3.00

Grade	Standard	Sub-divisions	Grade Points
C	Fair	B-	2.67
		C+	2.33
		C	2.00
D	Pass	C-	1.67
		D+	1.33
		D	1.00
F	Failure	F	0
ABS	Absent		0
I	Incomplete		0*
M	Merit	no grade point given*	
S	Satisfactory	no grade point given*	
U	Unsatisfactory	no grade point given*	
VS	Very Satisfactory	no grade point given*	
PASS/FAIL		no grade point given*	

* Not included in the calculation of grade point average.

Grade I is a temporary grade which indicates that the course work or examination has not been completed for reasons acceptable to both the teacher and the Board of Examiners concerned. The assessment should be completed within 4 weeks after official release of the preliminary assessment results, and the grade I will be converted to a final grade which includes all assessment marks; otherwise, the grade I will be converted to grade F. The final grade will be used in the calculation of grade point averages.

A student who is absent from the semester/term final examination will normally receive "ABS". If the student has a good reason which is acceptable to both the teacher and the Programme Director/Head of Academic Unit concerned, the student may be given a supplementary assessment. The ABS will be converted to the appropriate grade on completion of the assessment. If the student is not given any supplementary assessment, then a zero mark will be given to the final examination, and an appropriate final mark/grade will be arrived at taking into account all assessment marks.

A course grade suffixed with a caret sign (^) indicates that the course is counted in GPA calculation.

Grade Point Average (G.P.A.)

Semester/Term G.P.A.

This is a figure ranging from 0 to 4.00 (A = 4.00) used to indicate the performance of a student in the semester /term concerned.

Semester/Term G.P.A. =

$$\frac{\text{Total weighted points for all courses taken in the semester/term concerned}}{\text{Total number of credits enrolled in for the semester/term concerned}}$$

where weighted points = grade points x the number of credits of the course concerned.

Year G.P.A. (Adopted w.e.f. 2007-08)

This is a figure ranging from 0 to 4.00 (A=4.00) used to indicate the performance of a student in the academic year concerned.

Year G.P.A. =

$$\frac{\text{Total weighted points for all courses taken in the year concerned}}{\text{Total number of credits* enrolled in for the year concerned}}$$

Cumulative G.P.A.

This is a figure ranging from 0 to 4.00 (A = 4.00) used to indicate the overall performance of a student in all the semesters/terms up to date.

Cumulative G.P.A. =

$$\frac{\text{Total weighted points for all courses taken}}{\text{Total number of credits* enrolled in for all semesters/terms}}$$

Courses enrolled, regardless of passed or failed, will be taken in the calculation of Semester/Term or Cumulative G.P.A.

Courses which are exempted are not included in the calculation of Semester/Term or Cumulative G.P.A.

* credits of relevant courses only

Degree Classification

An honours degree programme student who has fulfilled the requirements for graduation will be awarded a Bachelor's degree with one of the classifications set out in Academic Regulations.
